

RILEY TOWNSHIP - ST. CLAIR COUNTY

ARTICLE III
ZONING DISTRICTS AND MAP

SECTION 303. DISTRICT BOUNDARIES INTERPRETED:

Where uncertainty exists with respect to the boundaries of the various districts as shown on the Zoning Map, the following rules shall apply:

- A. Boundaries indicated as approximately following the center lines of streets, highways or alleys shall be construed to follow such center lines.
- B. Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines.
- C. Boundaries indicated as approximately following Township limits shall be construed as following Township limits.
- D. Boundaries indicated as parallel to or extensions of features shall be so construed. Distances not specifically indicated on the Official Zoning Map shall be determined by the scale of the map.
- E. Where physical or natural features existing on the ground are at variance with those shown on the Official Zoning Map, or in other circumstances not covered by subsections 1. through 4. above, the Board of Appeals shall interpret the district boundaries.
- F. Insofar as some or all of the various districts may be indicated in the Zoning Map by patterns which, for the sake of map clarity, do not cover public right-of-ways, it is intended that such district boundaries do extend to the center of any public right-of-way.
